

## PHILADELPHIA ORGANIC CHEMISTS' CLUB

- DATE:** Thursday, January 27<sup>th</sup>, 2005; 6:00 pm dinner, 8:00 pm seminar
- PLACE:** Room 102, New Chemistry Building, University of Pennsylvania, 34th and Spruce Streets, Philadelphia, PA
- SPEAKER:** **Dr. Joseph Michael Fox, Assistant Professor, University of Delaware**
- BIOGRAPHY:** Joseph Michael Fox obtained his Ph.D. degree in chemistry from Columbia University, New York, NY, in 1998 under the direction of Professor Thomas J. Katz, and his B.S. in Chemistry from Princeton University, Princeton, NJ. He has been Assistant Professor at the University of Delaware, Department of Chemistry and Biochemistry, Department of Chemistry and Biochemistry since 2001 and NIH Postdoctoral Fellow in the Laboratories of Professor Stephen L. Buchwald, Massachusetts Institute of Technology, Cambridge, MA from 1998 to 2001. Professor Fox research interests centers on the development of new types of chemical reactions, the application of these new reactions to the synthesis of natural occurring and designed molecules with biological function, and in the use of design concepts in organic synthesis for applications in materials science. Dr. Fox has over 20 publications, abstracts and presentations.
- TITLE:** **Strain as a Design Principle**
- DINNER:** The meeting will be preceded by cocktails (cash bar) at 5:30 pm followed by a dinner at 6:00 pm at Penne Restaurant & Bar, 3601 Walnut Street. Reservations should be made by email: [emichelotti@locuspharma.com](mailto:emichelotti@locuspharma.com) or phone: (215)-358-2026 to Enrique Michelotti **before 5:00 pm, Monday, January 24<sup>th</sup>. Please pay the \$45.00 for dinner when you attend.**  
Thank you.
